

Baro Transmitter B-278

Owing to its low current consumption, It is particularly suitable for use in combination with data loggers. To be mounted preferably in data logger systems.

Specification

Part number: 3.1158.x0.075

Air pressure

Resolution	0.01 hPa
Long-term stability	±0.1 hPa / Year
Electr. output	0 ... 5 V

General

Power supply	9.5 ... 28 V DC
Ambient temp.	-40 ... +60 °C
Electr. connection	5-pol terminal strip
Dimension	61 x 91 x 25 mm
Weight	0.14 kg

Versions

As per 3.1158.x0.075, but:

Product number 3.1158.00.075

Air pressure

Measuring range	800 ... 1060 hPa
Accuracy	±0.3 hPa @ 20 °C
Linearity	±0.25 hPa
Hysteresis	±0.03 hPa
Electr. output	0 ... 5 V -> 800 ... 1060 hPa

Product number 3.1158.10.075

Air pressure

Measuring range	600 ... 1060 hPa
Accuracy	±0.5 hPa @ 20 °C
Linearity	±0.4 hPa
Hysteresis	±0.05 hPa
Electr. output	0 ... 5 V -> 600 ... 1060 hPa

Accessories

No accessories are available for this product.
