

# Recording charts for Thermograph

## Specification

|                        |                       |
|------------------------|-----------------------|
| Part number: 205038    |                       |
| Temperature            |                       |
| Measuring range        | -10 ... +50 °C        |
| General                |                       |
| Period of registration | 7 days                |
| Amount                 | 100 sheets per packet |
